

# R. J. BEISCHEL BUILDING CO.

## Christ Hospital New AHU-1

*To be the most professional,  
high quality, customer driven  
General Contractor in  
Greater Cincinnati.*

Christ Hospital  
Air Handling Unit  
Cincinnati, OH

Architect: Champlin Haupt Architects

R. J. Beischel Building Co. mobilized a 550 Ton Grove GMK 7550 on a sunny Saturday in August to lift a new 10 ton Air Handling Unit as part of Beischel's larger Medical Intensive Care Unit Project. Working with the Hospital and Architect/Engineer, Beischel developed an innovative access strategy to place the AHU that minimized inconvenience to the Hospital and cut the original planned shut down time in half.
