Episcopal Church of the Redeemer
Sanctuary Renovation
Hyde Park OH

Construction Cost : \$1.3 million

Architect: Phillip Markwood Architects, Inc

This renovation included installation of a dramatic wood truss canopy structure, back lit marble cross wall and new limestone cladding. Existing sanctuary wall were removed to expand the overall worship space. The sanctuary floor was raised with new hardwood and slate tile flooring. A new lighting package provided accenting of the new and existing architecture.

Building with Skill and Integrity
